

Concerned about your Vitamin D levels this winter?

Order a Vitamin D Panel through CompuNet *DIRECT* and learn if you are deficient in Vitamin D. Available at all CompuNet Patient Service Centers.

Whether you are a man or a woman, a Vitamin D deficiency can put you at risk for **osteoporosis** and **muscle weakness**¹. Vitamin D is needed for calcium absorption and helps keep your **heart**, **bones**, and **muscles** healthy.

If you live where winter is long, or if you do not get enough Vitamin D from your diet, **you may be deficient in Vitamin D.**

Vitamin D Panel \$55

Visit any CompuNet Patient Service Center to be tested for Vitamin D deficiency.

- Accurate results delivered within a week
- No Doctor's Order Necessary
- No Appointment Needed
- No fasting required

Please Note:

Payment due at time of service, checks and credit cards accepted. We apologize but we cannot accept cash. Billing insurance plans is prohibited for CompuNet *DIRECT* tests.
